The American Society of Newspaper Editors is meeting this week in Washington. Topics to be considered include "What Editors Should Know About Sex," a panel discussion featuring Dr. Ruth Westheimer, Shere Hite and others. Also speaking, on other subjects, will be CIA Director William Casey, Sens. Gramm and Rudman, Lee Iacocca, Sens. Byrd and Dole, Ben Bagdikian, Transportation Secretary Elizabeth Dole, William Safire and, oh yes, Georgi Arkadievich Arbatov, a Soviet Central Committee member who directs a major propaganda center in Moscow focusing on the United States and Canada.
